

Homepage, Navigation, Footer and Legal Page Requirements

Official Website and Customer Enquiry Management System for a UK Auto Parts SME

Client Name	Auto Parts SME
Project Name	Official Website and Customer Enquiry Management System for a UK Auto Parts SME
Document Type	Sprint 1 Requirements Note
Prepared By	Business Analyst
Sprint	Sprint 1 Website Foundation
Working Date	19 May 20xx
Version	v1.0

1. Purpose

This document captures Sprint 1 requirements for the website foundation areas: homepage, header navigation, About Us content, footer, and legal/customer information pages. It supports Figma wireframe preparation, design review, user stories, acceptance criteria, and testing.

2. Scope Covered in This Document

- Homepage structure and key sections.
- Header navigation and Request a Quote call-to-action.
- About Us page content requirement.
- Footer layout and customer service links.
- Legal/customer information pages: Privacy Policy, Cookie Policy, Terms and Conditions, Delivery / Returns.
- Trust/service wording and claim validation requirement.
- Basic Search Engine Optimisation (SEO) content expectations for core pages.
- Basic responsive design and accessibility checks for these pages.

3. Out of Scope for This Document

- Request a Quote form detailed field list, covered in Sprint 2.
- Contact Us form, Feedback form, and Newsletter data fields, covered in Sprint 2.
- Online payment, checkout, live inventory, customer login, and customer dashboard.
- SQL database and Power BI dashboard delivery, reserved for Phase 2 future enhancement.

4. Requirement Summary

ID	Area	Requirement	Priority	Owner / Confirmation
HNF-01	Header Navigation	Website shall display a clear header with logo placeholder, About Us, Contact Us, Feedback, and Request a Quote call-to-action.	High	Business Owner / Product Owner
HNF-02	Homepage Hero Section	Homepage shall include a clear hero message explaining auto parts enquiry support and a visible Request a Quote button.	High	Business Owner
HNF-03	Trust / Service Cards	Homepage may show service cards such as shipping, support, payment, or returns only after business approval of the wording.	Medium	Business Owner
HNF-04	Featured Categories Preview	Homepage shall show featured auto parts categories and allow users to move towards product category information.	High	Product Owner
HNF-05	About Us Page	Website shall include an About Us page with approved business overview, service area wording, and general business description.	High	Content Owner / Business Owner
HNF-06	Footer Links	Footer shall include customer service links, company links, legal information links, and newsletter area if agreed.	High	Product Owner

HNF-07	Legal Pages	Website shall include Privacy Policy, Cookie Policy, Terms and Conditions, and Delivery / Returns information pages.	High	Business Owner / Relevant Advisor
HNF-08	Responsive Layout	Homepage, header, footer, About Us, and legal pages shall display correctly on desktop, tablet, and mobile.	High	UI/UX Designer / Developer
HNF-09	Basic SEO	Core pages shall support basic SEO content such as page title, meta description, headings, and meaningful page copy.	Medium	Content Owner / BA
HNF-10	Accessibility Basics	Pages shall use readable text, clear links, alt text for images, keyboard-friendly navigation, and meaningful headings.	High	UI/UX Designer / QA Tester

5. Detailed Requirements

5.1 Header and Navigation

Item	Requirement
Navigation items	Home, About Us, Contact Us, Feedback, Request a Quote
Logo area	Use anonymised logo placeholder in portfolio evidence. Real logo must not be shown.
Call-to-action	Request a Quote button should be visible in the header and route users to quote request area/page.
Mobile behaviour	Navigation should collapse or adapt cleanly on mobile. Menu labels should remain readable.
BA validation	BA to check that all agreed navigation items are present in Figma and final website preview.

5.2 Homepage

Homepage area	Requirement
Hero banner	Clear business message and Request a Quote call-to-action.
Category preview	Display featured categories such as body parts, lighting, engines, differential, electrical, and gearbox, subject to Product Owner confirmation.
Trust/service cards	Only approved claims should be displayed. Unconfirmed wording must be removed or marked for review.
Promotional banner	Promotion or recommendation banner may be included only if wording and offer are confirmed by Business Owner.
Content quality	Content must be simple, business-friendly, and not overpromise services.
Mobile layout	Hero, cards, categories, and call-to-action should stack clearly on mobile.

5.3 About Us Page

About Us item	Requirement
Business overview	Approved content describing the business, service focus, and auto parts support.
No confidential details	Portfolio version must not include real address, phone, email, domain, or identifiable company information.
Tone	Professional and simple wording suitable for a small UK auto parts business.
Review owner	Content Owner and Business Owner to confirm final wording before go-live.

5.4 Footer and Customer Service Links

Footer item	Requirement
Customer service links	Contact Us, Request a Quote, Feedback, Delivery / Returns.
Company links	Home, About Us, Product Categories, Contact Us.
Legal links	Privacy Policy, Cookie Policy, Terms and Conditions, Delivery / Returns.
Newsletter section	Include newsletter subscription area only with consent requirement, covered in detail during Sprint 2.
Payment icons	Payment icons should not be shown as active payment support unless online payment is confirmed. Phase 1 has no payment gateway.
Footer consistency	Footer should appear consistently across core pages.

5.5 Legal and Customer Information Pages

Legal page / topic	Requirement
Privacy Policy	Required because quote, contact, feedback, and newsletter areas collect personal data. Final wording to be confirmed by Business Owner or relevant advisor.
Cookie Policy	Required if cookies, analytics, tracking, or non-essential cookies are used. Cookie preference requirement to be confirmed.
Terms and Conditions	General website terms page required. Final wording to be confirmed by Business Owner or relevant advisor.
Delivery / Returns	Information page required. If online selling is added in future, refund/cancellation/distance selling wording must be reviewed.
Company information	Required company information area to be confirmed with Business Owner or relevant advisor.
Claim validation	Free shipping, money back, secure payment, discount, and support claims must not be displayed unless approved and supported by terms.

6. Wireframe Guidance for Figma

The UI/UX Designer should prepare Figma wireframes or screen designs for the homepage, header, footer, About Us page, and legal page layout. The Business Analyst will review the Figma screens against the BRD, FRD, NFR, business rules, sitemap, and this requirements note.

Figma review area	BA check
Header	Navigation labels and Request a Quote button are visible.
Homepage	Hero, call-to-action, trust cards, and category preview are included.
Footer	Customer service, company, legal, and newsletter areas are included where agreed.
Legal pages	Page links exist and placeholder content is marked for business/legal review.
Responsive design	Desktop and mobile views are reviewed.
Claims	Unapproved claims are flagged for Business Owner confirmation.

7. Acceptance Criteria

1. Header includes agreed navigation items and Request a Quote call-to-action.
2. Homepage includes approved hero message, category preview, and relevant content sections.
3. About Us page contains approved business overview content.
4. Footer includes agreed customer service, company, and legal links.
5. Privacy Policy, Cookie Policy, Terms and Conditions, and Delivery / Returns pages are available as links/pages.

6. Unconfirmed customer-facing claims are removed, replaced, or marked for Business Owner confirmation.
7. Pages are reviewed for mobile responsiveness, readable headings, and accessibility basics.
8. Figma wireframe or design review can be performed using this requirements note.

8. Assumptions

- Business Owner will provide or approve final content for homepage, About Us, legal pages, and customer-facing claims.
- Phase 1 does not include online payment, checkout, live inventory, or customer login.
- Newsletter subscription is included only with consent and unsubscribe handling.
- Legal and compliance wording will be confirmed by Business Owner or relevant advisor before go-live.

9. Risks and Mitigation

Risk	Mitigation
Unapproved content delays design	Confirm content owner and review dates early in Sprint 1.
Unverified trust claims appear on website	Mark all claims for Business Owner confirmation before go-live.
Legal pages remain placeholder content	Track legal/customer information pages as release readiness items.
Mobile layout issues	Review mobile Figma screens and include responsive testing in Sprint 3.

10. Traceability

Traceability area	Details
Input documents	Project Intake Note, Discovery Meeting Notes, BRD, FRD, NFR, Business Rules, Sitemap.
Next BA artefacts	Wireframe Review Notes, User Stories, Acceptance Criteria, Test Scenario Review, UAT Plan.
Portfolio note	This document is anonymised. Real client name, website, logo, address, phone number, email, and identifiable details must not be included.
