

Release Readiness Checklist

Official Website and Customer Enquiry Management System for a UK Auto Parts SME

Field	Details
Client Name	Auto Parts SME
Prepared By	Business Analyst
Document Date	27 May 20xx
Sprint	Sprint 3 Testing, UAT and Release Readiness
Project Phase	Phase 1 Website MVP
Version	1.0

1. Purpose

This checklist confirms whether the Phase 1 website MVP is ready for go-live after testing and User Acceptance Testing (UAT). It is prepared from a Business Analyst perspective to support release decision-making and to confirm that key requirements, content, compliance checks, and business acceptance items are ready or tracked.

2. Release Scope

The release scope includes the official website pages and customer enquiry features agreed for Phase 1. Customer login, online payment, full checkout, live inventory, mobile app, API integration, SQL database, and Power BI dashboard are not part of this release.

3. Release Readiness Checklist

ID	Area	Readiness check	Status	Owner
RR-01	Homepage and navigation	Homepage, header navigation, and Request a Quote call-to-action reviewed.	Ready	Business Analyst / Product Owner
RR-02	About Us page	About Us content reviewed and approved by business.	Ready	Business Owner
RR-03	Product categories	Category names and descriptions reviewed for Phase 1.	Ready	Business Owner / BA
RR-04	Request a Quote form	Required fields, validation, confirmation message, and email notification tested.	Ready	BA / QA Tester
RR-05	Contact Us form	Contact form fields, validation, confirmation message, and email notification tested.	Ready	BA / QA Tester
RR-06	Feedback form	Feedback form fields, validation, and confirmation message tested.	Ready	BA / QA Tester
RR-07	Newsletter subscription	Consent wording and non-preselected subscription action checked.	Ready with note	Business Owner to confirm final wording
RR-08	Footer links	Privacy Policy, Cookie Policy, Terms and Conditions, and Delivery / Returns links checked.	Ready with note	Business Owner / relevant advisor
RR-09	Mobile responsiveness	Key pages and forms checked on mobile view.	Ready	UI/UX Designer / QA Tester
RR-10	Basic accessibility	Readable labels, error messages, keyboard-friendly flow, and alt text needs reviewed.	Ready with note	BA / QA Tester
RR-11	SEO basics	Page titles, meta descriptions, headings, category wording, and alt text notes reviewed.	Ready	BA / Content Owner
RR-12	UAT outcome	UAT evidence log completed and UAT sign-off obtained.	Ready	Business Owner / BA

4. Compliance Readiness Notes

The following compliance-related items were tracked from a BA perspective. This document does not provide legal advice. Final wording and business/legal confirmation should be completed by the Business Owner or relevant advisor before public release.

- Privacy Policy wording for forms that collect customer personal data.
- Cookie Policy wording if analytics or non-essential cookies are used.
- Newsletter consent and unsubscribe wording.
- Company information required on the website, where applicable.
- Delivery / Returns wording for customer information.
- Customer-facing claims such as free shipping, money back, secure payment, discount, or 24/7 support must be confirmed before publishing.
- Accessibility basics such as labels, alt text, readable contrast, and clear error messages.

5. Open Items Before Go-Live

ID	Open item	Owner	Target	Status
OI-01	Confirm final privacy and cookie wording	Business Owner / relevant advisor	Before go-live	Open - tracked
OI-02	Confirm newsletter consent and unsubscribe wording	Business Owner	Before go-live	Open - tracked
OI-03	Confirm customer-facing claims and service wording	Business Owner	Before go-live	Open - tracked
OI-04	Final content spelling and grammar review	Content Owner / BA	Before go-live	Open - tracked

6. Go-Live Recommendation

From a BA perspective, the website MVP can proceed to go-live preparation once the open wording confirmation items are closed or accepted by the Business Owner. No Phase 1 blocker is recorded in this checklist. The release does not include online payment, customer login, live inventory, SQL database, or Power BI dashboard.

7. SQL / Power BI Note

No SQL or Power BI release activity is included in Phase 1. Customer enquiry and lead tracking using SQL and Power BI remains a future Phase 2 enhancement. Phase 2 requirements will be documented separately after Phase 1 go-live.

8. Evidence Reference

- BRD, FRD, NFR, Business Rules Document
- Product Category Requirements
- Request a Quote Form Requirements
- Contact Us, Feedback and Newsletter Requirements
- Data Field List, Use Case Document, User Stories, Acceptance Criteria
- Test Scenario Review, UAT Plan, UAT Evidence Log, UAT Sign-off
