

UAT Evidence Log

Official Website and Customer Enquiry Management System for a UK Auto Parts SME

Client Name	Auto Parts SME
Document Type	UAT Evidence Log
Prepared By	Business Analyst
Sprint	Sprint 3 Testing UAT Release Readiness
Date	27 May 20xx
Version	v1.0

1. Purpose

This UAT Evidence Log records the business validation evidence for the Phase 1 website MVP. It supports User Acceptance Testing by showing what was tested, who tested it, the expected result, the actual result, and the UAT status.

2. UAT Scope

- Homepage, header navigation, footer, About Us and legal page access.
- Product category browsing and Request a Quote journey.
- Contact Us, Feedback and Newsletter subscription forms.
- Form validation, confirmation messages and email notification to the business.
- Mobile responsiveness, accessibility basics, content checks and customer-facing claim confirmation.

3. UAT Participants

Role	Responsibility	UAT Involvement	Evidence Owner
Business Owner	Confirms business acceptance	Reviews key pages and form journeys	Business Owner
Sales / Enquiry Handling Team	Confirms enquiry usability	Validates quote, contact and email notification flow	Sales / Enquiry Handling Team
Business Analyst	Coordinates UAT evidence	Records outcome, observations and sign-off readiness	Business Analyst
QA Tester	Supports defect and scenario evidence	Shares QA outcome before UAT	QA Tester

4. UAT Evidence Log

ID	Area	Scenario	Expected Result	Actual Result	Status	Evidence Ref	Tester	Date
UAT-01	Homepage	Open homepage and review hero, CTA and key content.	Homepage opens with agreed hero content and Request a Quote CTA.	Homepage opened and CTA was visible.	Pass	UAT-01 Homepage screenshot	Business Owner	27 May 20xx

ID	Area	Scenario	Expected Result	Actual Result	Status	Evidence Ref	Tester	Date
UAT-12	Accessibility basics	Check basic form labels, readable content and error message visibility.	Forms have clear labels and readable validation messages.	Basic accessibility checks were acceptable for MVP.	Pass	UAT-12 Accessibility evidence	Business Analyst	27 May 20xx
UAT-13	Content and claims	Review customer-facing claims and content.	Unsupported claims are removed or confirmed by business.	Content reviewed. Final business wording confirmation tracked.	Accepted with note	UAT-13 Content review note	Business Owner	27 May 20xx

5. UAT Observations

Observation ID	Observation	Owner	Action / Status
OBS-01	Final customer-facing wording should remain business approved before go-live.	Business Owner	Tracked for release readiness.
OBS-02	Cookie and analytics wording should be confirmed if analytics is enabled.	Business Owner / Advisor	Tracked for compliance review.
OBS-03	Newsletter unsubscribe process should be confirmed before launch.	Business Owner	Tracked for release readiness.

6. UAT Summary

Total UAT scenarios recorded	13
Passed scenarios	12
Accepted with note	1
Critical defects	0
UAT readiness result	Ready for UAT sign-off subject to final content/compliance confirmation

7. BA Notes

- This log is prepared from a BA perspective to record UAT evidence and business validation outcomes.
- The evidence references are anonymised and should be stored without real client name, website domain, logo, email, phone number or address.
- Final legal, privacy, cookie, newsletter and claims wording should be confirmed by the Business Owner or relevant advisor before go-live.
- No SQL or Power BI validation is included in Phase 1. Reporting validation will be handled separately in Phase 2 if approved.

8. Next Step

Prepare the UAT Sign-off document after the Business Owner confirms that the UAT evidence is acceptable and final release readiness checks are complete.
