Access Rules

Rule ID	Access Rule
RP-01	Admin can access only the web application.
RP-02	Teacher can access only the mobile application.
RP-03	Teacher cannot access student management features.
RP-04	Teacher cannot access teacher management features.
RP-05	Teacher cannot view attendance reports.
RP-06	Admin cannot mark or submit attendance on behalf of teachers in Project 1.
RP-07	Admin can view all submitted attendance records.
RP-08	Role-based access must be applied after successful login.

Notes

- Admin is responsible for managing student and teacher records.
- Teacher is responsible for marking and submitting attendance.
- Role-based access helps protect admin data from teacher access.
- This matrix will be used by developers and QA testers during development and testing.

Next Action

Prepare Wireframe Review Notes.
