Sprint 3 Attendance Report Wireframe Review

Screen	BA Review Comment	Status
Attendance Report by Class	Admin should be able to select class and view class-wise attendance records.	Wireframe Reviewed
Attendance Report by Date	Admin should be able to select date and view daily attendance records.	Wireframe Reviewed
Attendance Report by Student	Admin should be able to search or select student and view attendance history.	Wireframe Reviewed
Report Fields	Report should show Student Name, Roll Number, Class, Section, Attendance Status and Attendance Date.	Wireframe Reviewed
Role Access	Report screens should be visible only to Admin users. Teacher users should not access reports.	Wireframe Reviewed

BA Note:

This review is for Sprint 3 attendance report wireframes and planned screen layout only. Functional review of developed stories will be completed separately when each Jira story is ready for BA review.

Current development status:

SS-40 Attendance Report by Class is In Progress.

SS-41 Attendance Report by Date is To Do.

SS-42 Attendance Report by Student is To Do.

SS-43 QA Test Sprint 3 Attendance Reports is To Do.

BA Confirmation

The reviewed wireframes match the agreed requirements for Project 1 scope.

Next Action

Prepare Test Scenario Review document.
