

Business Requirements Document

Project Name

ABC School Web and Mobile Application

Purpose

This document captures the high-level business requirements for ABC School Web and Mobile Application.

Business Problem

ABC School currently manages attendance and basic school records manually. This creates delays in attendance tracking, admin follow-up and report preparation.

Business Objective

To create a simple web and mobile application that allows teachers to mark attendance digitally and allows admin staff to manage student data, teacher data and attendance reports.

Business Requirements

Requirement ID	Business Requirement	Priority
BR-01	Teachers must be able to log in to the mobile application.	High
BR-02	Teachers must be able to select class and date.	High
BR-03	Teachers must be able to mark students as Present or Absent.	High
BR-04	Teachers must be able to submit attendance.	High
BR-05	Admin must be able to log in to the web application.	High
BR-06	Admin must be able to manage student data.	High
BR-07	Admin must be able to manage teacher data.	High
BR-08	Admin must be able to view submitted attendance.	High
BR-09	Admin must be able to view attendance reports by class, date and student.	Medium
BR-10	The system must support role-based access for Admin and Teacher.	High
