

User Stories and Acceptance Criteria

Project Name

ABC School Web and Mobile Application

User Story 1: Teacher Login

As a Teacher,
I want to log in to the mobile application,
so that I can access attendance features securely.

Acceptance Criteria:

1. Teacher can enter username and password.
 2. System validates login details.
 3. Teacher can access the attendance screen after successful login.
 4. Teacher cannot access admin features.
-

User Story 2: Mark Attendance

As a Teacher,
I want to select class and mark students as Present or Absent,
so that daily attendance can be recorded digitally.

Acceptance Criteria:

1. Teacher can select class.
 2. Teacher can select date.
 3. System displays student list for selected class.
 4. Teacher can mark each student as Present or Absent.
 5. Teacher can review attendance before submission.
-

User Story 3: Submit Attendance

As a Teacher,
I want to submit marked attendance,
so that Admin can view attendance records.

Acceptance Criteria:

1. Teacher can click Submit after marking attendance.
 2. System saves attendance against class, date and student.
 3. System shows confirmation after submission.
 4. Admin can view submitted attendance.
-

User Story 4: Manage Student Data

User Story 4: Admin Manages Student Data

As an Admin,
I want to manually add, edit and update student details,
so that the school can maintain accurate student records for attendance marking.

Acceptance Criteria:

1. Admin can add a new student record from the Admin web application.
 2. Admin can edit existing student details.
 3. Admin can update student status as Active, Inactive, Left School or Graduated.
 4. Only Active students should appear in the Teacher attendance marking list.
 5. Students marked as Inactive, Left School or Graduated should not appear for new attendance marking.
 6. Historical attendance records should remain available for Admin reports.
-

User Story 5: Manage Teacher Data

As an Admin,
I want to add and edit teacher data,
so that teacher records remain updated.

Acceptance Criteria:

1. Admin can add new teacher details.
 2. Admin can edit existing teacher details.
 3. System saves teacher records.
 4. Teacher cannot edit teacher data.
-

User Story 6: View Attendance Report

As an Admin,
I want to view attendance reports by class, date and student,
so that I can monitor attendance records.

Acceptance Criteria:

1. Admin can filter attendance by class.
2. Admin can filter attendance by date.
3. Admin can filter attendance by student.
4. System displays matching attendance records.
