

Product Backlog

Project Name

ABC School Web and Mobile Application

Purpose

This Product Backlog lists the main user stories required for Project 1.

Backlog ID	User Story	Priority	Sprint
PB-01	As a Teacher, I want to log in to the mobile app so that I can access attendance features securely.	High	Sprint 1
PB-02	As a Teacher, I want to select class and date so that I can mark attendance for the correct class.	High	Sprint 1
PB-03	As a Teacher, I want to mark students as Present or Absent so that attendance can be recorded digitally.	High	Sprint 1
PB-04	As a Teacher, I want to submit attendance so that Admin can view attendance records.	High	Sprint 1
PB-05	As an Admin, I want to log in to the web app so that I can access admin features securely.	High	Sprint 2
PB-06	As an Admin, I want to manually add, edit and update student status from the web application so that student records remain accurate for attendance marking.	High	Sprint 2
PB-07	As an Admin, I want to add and edit teacher data so that teacher records remain updated.	High	Sprint 2
PB-08	As an Admin, I want to view submitted attendance so that I can monitor attendance records.	High	Sprint 2
PB-09	As an Admin, I want to view attendance reports by class, date and student so that I can review attendance information.	Medium	Sprint 3
PB-10	As the system, I want role-based access so that Admin and Teacher users can access only allowed features.	High	Sprint 1 / Sprint 2

Notes

- Sprint 1 focuses on Teacher login and attendance marking.
- Sprint 2 focuses on Admin panel, student data and teacher data.
- Sprint 2 Admin Student Management includes manual student entry, editing student details and updating student status as Active, Inactive, Left School or Graduated.

- Sprint 3 focuses on attendance reports, User Acceptance Testing and release closure.
